Career Support for Newcomer STEM Professionals Workshop (CS-STEM)

CS-STEM is a 4-week workshop to support foreign-trained STEM professionals as they navigate career transitions within Alberta's changing economic landscape. Over the last 4 years, more than 2,500 newcomers with STEM backgrounds have accessed CCIS' Employment Related Services Program (ERSP). Traditionally drawn to Alberta for oil and gas opportunities, many of these professionals now face unemployment or underemployment due to shifting factors in the energy sector, including fluctuating oil prices and the global shift toward decarbonization.

Program Details

- Delivered 6 times per year, on weekdays from 9:00 AM to 3:00 PM
- Alternating between in-person sessions at CCIS' Main Office and online sessions via CCIS' Virtual Learning System

Topics Included

- Career mapping
- Identifying and marketing transferable skills
- Leveraging networking platforms
- The role of AI in job search processes
- Preparing for interviews in alternative industries

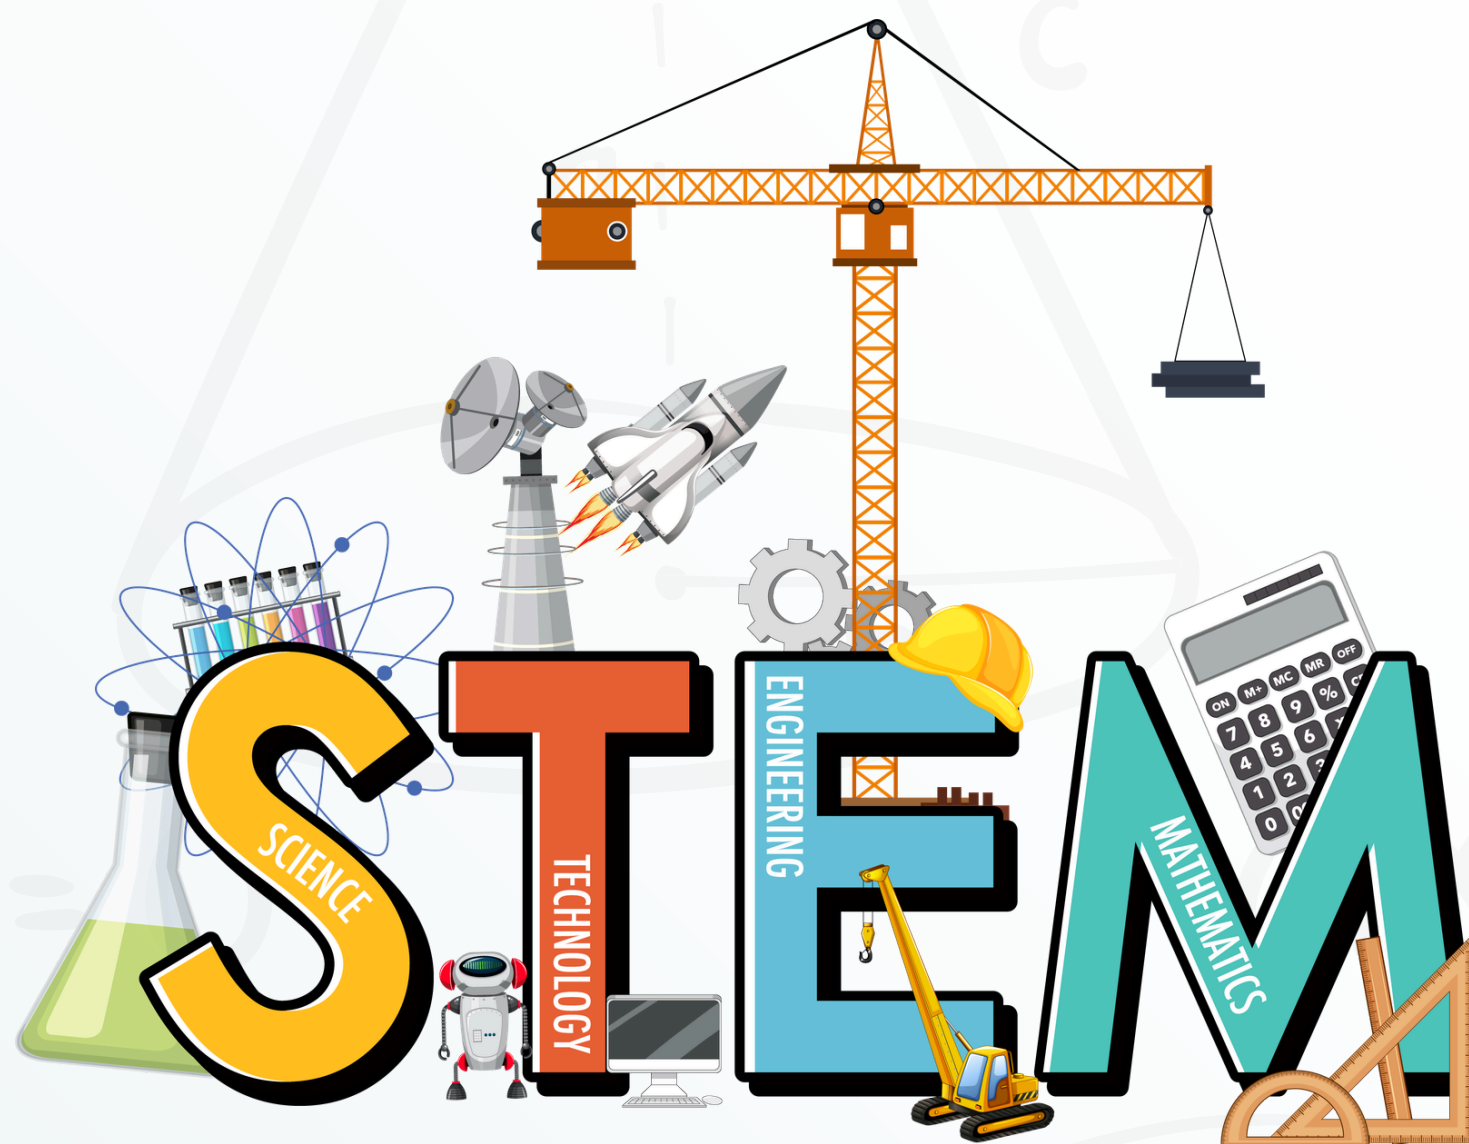

Eligibility

- Internationally trained STEM professional with CLB Level 6 and above
- Newcomer to Canada
- Holding PR or APPROVED Refugee Status
- Have Bachelor's Degree or higher education
- Completed or will be completing a job search workshop by the intake start date
